

# Fast Curing Flooring Solutions

STANDS AT HENLEY

**The benefits** speak for themselves

- ☪ **Hardwearing**
- ☪ **Cost Effective**
- ☪ **Waterproof**
- ☪ **Rapid Curing**
- ☪ **Quick & Easy**
- ☪ **Anti-Skid**

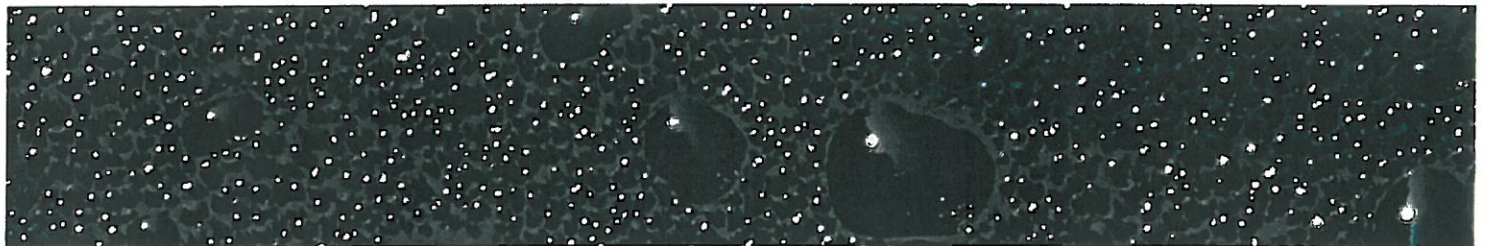

**Ideal** for many applications

**Designed for commercial and domestic use**  
**Dekseal is the ideal non skid system for both**  
**inside and outside application.**

Dekseal provides a tough membrane guaranteed for 10 years and is also available as a waterproof non skid system. Speed and ease of application makes Dekseal a cost effective flooring solution offering significant savings over other traditional methods.

Dekseal is a cold applied, rapid curing system, with each layer dry and trafficable within approximately 20 minutes.
