INDUSTRIAL
SHEETING

rooFILONlights

Filon offers a vast range of high quality GRP rooflights to match virtually all UK and European profiles.

DR-rooFILONlights

Double reinforced construction provides increased strength and impact resistance without significant increase in thickness, for excellent profile matching.

supasaFILONfe

As strong as steel, these rooflights remain non-fragile for the life of the roof and fully meet HS(G)33 and CDM regulations.

FILONairs

Factory Assembled Insulated Rooflights, made to measure & available to match most UK and European profiles.

monarch-FILON

A range of GRP Barrel Vault Rooflights designed for use with shallow roof pitches, standing seams and secret fix system.

FILONite

Strong, long-lasting easy-fix translucent roof sheets in two standard profiles... for the DIY market.

Available from your local
Skyline Roofing branch
