

## Introducing the Hytile Tile Cutter

*The Hytile Cutter has primarily been used to cut roof tiles in both Australia and New Zealand for the last 40 years.*

### Benefits include:

- ❖ No Electricity required
- ❖ No noise
- ❖ Mobile use, can be carried up to the roof or scaffold
- ❖ Environmentally friendly, low carbon emissions

- ❖ Strong and Durable, shown to last over 20 years
- ❖ Non exposure to potentially harmful silica dust
- ❖ No dangerous electrical cables on the roof
- ❖ Cost effective

For a **free** demonstration please contact our Business Development Manager John Kinsella on: 07985 607310 (mobile)  
Or to purchase the Hytile Tile Cutter please contact your local branch.
